

## **Journal 11 – Volcano Vocabulary**

Use the glossary near the top of my webpage to define the following words. I do not have the section reading downloaded yet so use the glossary.

- |                          |                           |
|--------------------------|---------------------------|
